

State Employees Bargaining Agent Coalition

Member "Innovations & Efficiencies" Proposals

This brief survey is being prepared to demonstrate how, once again, State workers are the first at the table with real solutions to Connecticut's fiscal troubles. Please provide at least **two concrete ideas** on how to advance the efficiency of state government, improve the quality of services our members deliver, jump-start the state's economy, and save taxpayers' money, in 200 words or less.

Name: _____

Union: _____ Title: _____

Mobile Phone: _____ Work Phone: _____

Union or Home Email: _____

Job Title: _____

Where do you work? _____

What services do you provide? _____

Idea #1:

Agency/Department/Office: _____

Idea #2:

Agency/Department/Office: _____

Nature of Service: _____

Proposal: _____

Are you willing to present this idea publicly? _____

Idea #3:

Agency/Department/Office: _____

Nature of Service: _____

Proposal: _____

Are you willing to present this idea publicly? _____

Alternatively, or in addition to innovations and efficiencies, we are also seeking examples of **proposed public service cuts that were blocked, overturned, or reversed** by public outcry, legislative action, or grassroots lobbying over the past year. They would be particularly useful if they can be quantified -- i.e., lives saved because emergency services were restored, students educated because a school was kept open, etc. Feel free to use this form to share this information, as well.
