Member Layoff/Service Cuts Survey

This brief survey is for state employee union members receiving pink slips to share their concerns with their co-workers and the public they serve. Provide the following information and help deliver the message that we can find a path forward without job or service cuts.

NOTE: This survey is NOT intended to be used to notify individual union elected or staff representatives of a layoff for the purpose of following the contractual process. Be sure to contact your individual union immediately if you receive a job elimination notice or an announcement of programmatic cuts or facility closure where you work.
